

Discover the new style of convenience.

Quietly delivering near-boiling hot water at the touch of a lever, the InSinkErator® Steaming Hot Water Tap combines style with convenience.

An energy efficient under-the-sink tank delivers an amazing 100 cups of 98°C hot water per hour, which will reduce your bench top clutter and use significantly less electricity.

With 3 models in the range, including a cold, filtered water dispenser option, there's a model to enhance any kitchen.

HC1100
Two lever dispenser for filtered steaming hot and filtered cold water

GN1100
Single lever dispenser for filtered steaming hot water

ISE990
Swivel handle dispenser for steaming hot water

InSinkErator® Steaming Hot Water Taps are priced from RRP\$649 and are available from most major appliance and plumbing retailers.

InSinkErator® Steaming Hot Water Tap

InSinkErator® all new steaming hot water taps deliver near-boiling water right at your kitchen sink. An under-the-sink tank heats the water to approximately 98° C. As the heated water is used, tap water enters the tank for quick heating. (The HC1100 model also provides cool filtered drinking water.) A fast recovery system can supply up to 100 cups of near-boiling water per hour. Yet each dispenser uses less energy than a 40-watt light bulb.

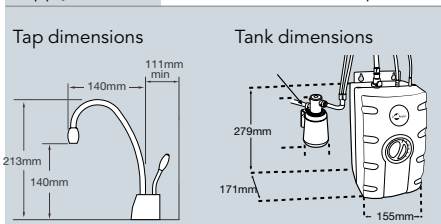

HC1100 Steaming hot & cold filtered water

- Two lever dispenser
- 100 boiling cups per hour
- Reduce bench clutter
- No more noisy kettles
- 2 year warranty

HC-1100 specifications

Capacity	2.5 Litre Stainless Steel tank dispenses 100 cups of 98°C water per hour
Electrical	220 – 240 volts A.C. 1300 watts, heating element with grounded three (3) pin plug
Thermostat	Electronic, adjustable from 88°C to 98°C (factory pre-set at 96°C)
Hot Valve	Instant, self closing
Weight	Approximately 4.4kg empty
Required Hole Diameter	35mm – 38mm
Required Supply Pressure	172 – 862 KPa (1.7 – 8.6 bar) (25 – 125 psi)

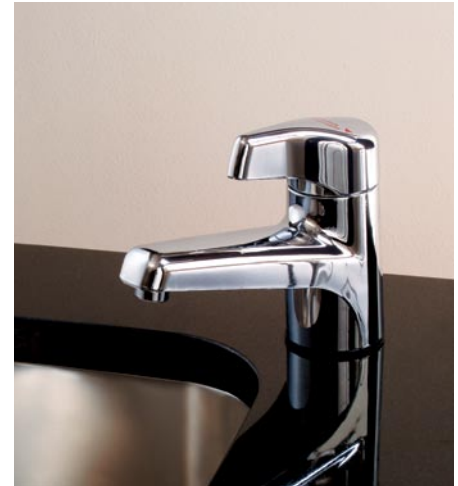

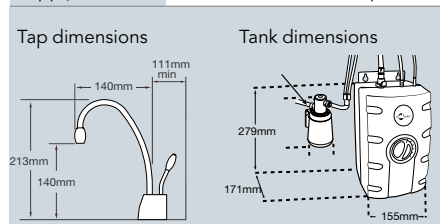

GN1100 Steaming hot filtered water

- Single lever dispenser
- 100 boiling cups per hour
- Reduce bench clutter
- No more noisy kettles
- 2 year warranty
